▪ What skin types are treatable?

Due to Viora's advanced CORE technology and the use of RF energy, **all skin types can be treated.**

▪ Which areas can be treated?

With the ability to target different depths in the skin, Viora's RF treatments for tightening and wrinkle reduction can address **every facial and body part**, including areas traditionally difficult to treat, such as hands, décolleté, and bony areas like the forehead.

▪ How long do treatments take?

Treatment sessions range between 10 and 30 minutes. Exact treatment time depends upon the specific application, each individual patient's condition, and the specific area that is being targeted for treatment.

▪ Do treatments hurt?

Viora's contact cooling system provides the most

comfortable experiences possible. And with the ability to target different levels of skin, you'll never receive more energy than is actually needed.

▪ When will I see results?

While each person is different, results for Viora's RF treatments are visible after the first session.

▪ How many treatment sessions will I need?

Typically the number of treatment sessions range from 3-6 treatments, depending upon the actual application needed, and each patient. Please consult with your practitioner to better understand your individual needs.

▪ How long do the results last?

One maintenance session is generally recommended every 3-6 months, or as required. Your practitioner can advise the best interval time, for your specific needs.

* Number of treatment sessions required, and final results, may vary per patient

Viora’s RF treatments are **effective, safe, and fast, with no downtime!**

Skin Tightening & Wrinkle reduction
smooth and tighten loose and sagging skin

CORE Is of the Essence

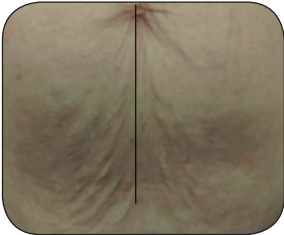

With Viora’s revolutionary CORE technology, non-invasive RF treatments for loose and sagging skin have been transformed. CORE gets to the heart of treating your skin by gently heating your skin’s underlying network of collagen and elastin fibers. This action causes the fibers to shrink, restoring your skin’s elasticity and leaving you with a tighter, smoother appearance. Because different energy levels are delivered via three individual channels, with a fourth channel combining all three levels together, your tightening treatments are the most effective possible.

Each procedure is personalized per patient, per treatment area, and per specific symptom and need. Viora’s tightening treatments can be done at any time of the year, and with tanned skin, so **anytime is convenient for a treatment**. No matter what your skin type is, and no matter what part of your body you’re interested in treating, Viora is here for you.

If your practitioner is using Viora’s technology, you can be assured you’re receiving the best possible treatment care!

"While I was pregnant, I watched the skin on my stomach stretch and I was convinced that I'd have those ugly marks forever. I had Viora's skin tightening treatments and now I can't wait to wear my bikini at the beach, playing with my little girl!"

Elisa

"In addition to the crow's feet around my eyes, and the wrinkles on my forehead, my hands were really starting to show my age. After speaking with my doctor, I started treatments with Viora's skin tightening and I'm feeling, and looking, years younger!"

Janice

"In the last two years, the fine lines around the contours of my mouth had really deepened and made my very self conscious. I've just started Viora skin treatments and I'm very happy with the results. My skin just feels firm and plumper and I can really see the difference, which means I'm not ashamed to smile and that means a lot."

Carrie

"I felt very uncomfortable with the flabby skin around my knees. The Viora treatment was really great. The skin around my knees looks much firmer and tone - I love it. I'd definitely recommend it to my friends."
